

# BlazeMate Privacy Policy

Last Updated: October 2025  
Version: 1.0

## Introduction

BlazeMate values your privacy and is committed to protecting your personal information. This Privacy Policy explains how we collect, use, store, and share information when you use the BlazeMate mobile application ("App"). By using BlazeMate, you agree to the practices described in this Privacy Policy. If you do not agree, please do not use the App.

## 1. Information We Collect

When you use BlazeMate, we may collect information you provide (such as username, email, profile photo, and optional bio), and limited technical data like device information, app usage, and approximate location (city-level only). BlazeMate never collects precise GPS coordinates or sensitive data such as financial, biometric, or health information.

## 2. How We Use Your Information

We use your data to provide and maintain the BlazeMate App, enable friends-only sharing of Moments, improve user experience, respond to support requests, and ensure app safety and compliance. BlazeMate never sells personal data.

## 3. How We Share Information

BlazeMate is a private, friends-only social app. Information is shared only with mutual friends, essential service providers (such as Firebase, Cloudinary, or Supabase), or as required by law. We do not share user data for advertising or unrelated analytics.

## 4. Data Storage and Security

Data is securely stored using encrypted cloud infrastructure and HTTPS communication. BlazeMate uses token-based authentication and industry-standard safeguards against unauthorized access or misuse.

## 5. Your Privacy Controls

Users can edit or delete their Moments, remove friends, and adjust privacy settings (friends-only by default). Account deletion requests can be sent to [privacy@blazemateapp.com](mailto:privacy@blazemateapp.com), and all associated data will be permanently removed within a reasonable timeframe.

## **6. Cookies and Tracking**

BlazeMate does not use cookies or third-party trackers for advertising. Anonymous analytics may be used to improve performance.

## **7. Age and Legal Use**

BlazeMate is intended for users aged 18+ (or the minimum legal age in their region). Users must comply with local laws. BlazeMate does not facilitate, promote, or sell cannabis or any illegal substances.

## **8. International Users**

User data may be processed in regions where BlazeMate's servers or service providers are located, in compliance with relevant data protection laws.

## **9. Changes to This Privacy Policy**

We may update this policy periodically. Users will be notified of significant changes via in-app notice or email. The latest version will always be available at [www.blazemateapp.com/privacy-policy](http://www.blazemateapp.com/privacy-policy).

## **10. Contact Us**

If you have any questions or requests regarding this Privacy Policy or your personal data, please contact us at:
